Come home to the Finlayson; a three-bedroom detached house with integral garage where the family-focused lay-out and thoughtful finishing touches ensure modern living is made easy.

Head into the hallway via the vestibule, straight through the glazed doors and into the generously-sized living room. Light and space are maximised by the full-length windows which let the natural light flood in, creating a welcoming place to entertain or relax.

Continue through the glazed doors into the kitchen and dining area, where you'll find a carefully considered mix of fully integrated appliances such as an oven, hob and hood, fridge and freezer, plus design-led finishing touches. As well as style, practicality and ease of use are key to this home. For example, there's a utility room with sink that not only provides access to the back garden, but also serves as the perfect place to store muddy

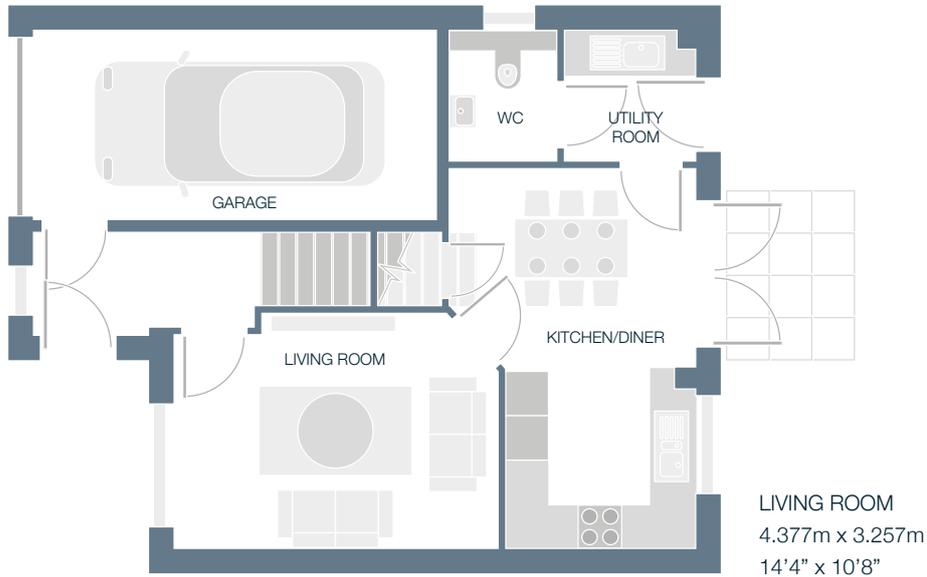

boots. In addition, there's a downstairs WC; a must for any modern family. And you can enjoy easy access to the garage via the hallway; an especially useful entry point when it's raining outside.

At the rear of the property, French doors open out from the dining area to the patio, creating a light and airy feel to the room, and adding a seamless connection to the garden where you can extend your dining experience during the summer months.

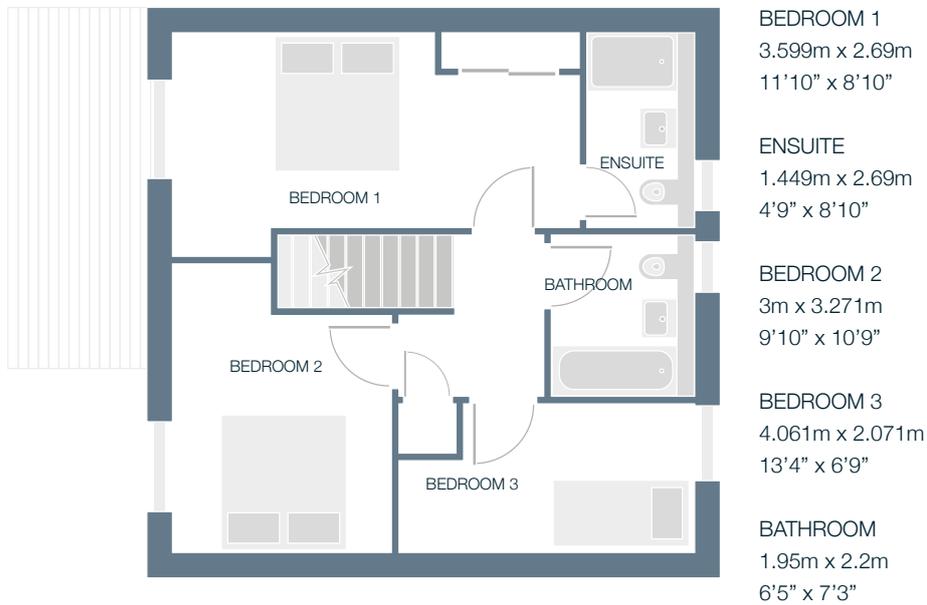

Head upstairs where stand-out features include a large bedroom, with wardrobes for the style-conscious, it also benefits from en-suite facilities, finished to an exceptional standard. In addition to the main family bathroom which features a high-spec suite in an attractive, clean and contemporary style.
